

## QUESTIONNAIRE JOIN & INTERACT PROJECT

Join & Interact is a private network designed to bring together all accompanying persons of transferable employees of the Swiss Federal Department of Foreign Affairs. This platform wants to build a community whose members get to know and help each other. It facilitates one-to-one interactions by making basic personal information and contact details available and easily searchable.

Whether you are new as an accompanying person or you are about to settle in a new place, you will be able to find just the right fellow member to ask your questions, discuss different aspects of living in a specific country, or simply share experiences. Leveraging the knowledge and experience gained individually we aim to create a useful network in a collaborative and respectful environment.

We would be happy to hear about your point of view and/or your ideas about the project **Join & Interact!**
